OWNERSHIP TRANSITION

The Rose Law Firm and Leadership Transitions will present on what it takes to successfully transition business ownership. They will focus on helping you position your business for a successful transition before, during and after the sale, including developing new leadership before the sale. This will help you maximize the value you obtain from selling your business, help you retain and grow all proceeds from the sale during your lifetime and help you plan your estate in a way that minimizes taxes.

— Adam Rose (Rose Law Firm) and Doug Sippel (Leadership Transitions)

Leadership Transitions LLC

EARTHQUAKES AND PLUMBING AND GAS, OH MY!
With major earthquakes in both Japan and Ecuador in the news, we’re reminded that the “Big One” in Oregon is more than just the annual State Fair. A major Cascadia Subduction Zone quake may not happen in your lifetime, but it could happen while we’re in Sunriver. Is Oregon ready? Are YOU ready? What about your employees? PHCC members — who employ hundreds of trained technicians who deal with plumbing and natural gas — are uniquely positioned to help communities when natural disasters happen.
— Karen Parmelee, Oregon State Office of Emergency Management

1:30 pm - 2:30 pm

Session Three
CONSTRUCTION DEFECTS
“Emerging Risks in Mechanical/Electrical/Plumbing - Old School Trades in the Alice in Wonderland World of Product Defect Claims: Practical Advice on How To Avoid Getting Shocked and Soaking Wet”
